

READ SAFETY DIRECTIONS BEFORE OPENING OR USING

F.S.A.

WETTER 1000

SURFACTANT

ACTIVE CONSTITUENT: 1000 g/L ALCOHOL ALKOXYLATE

A Non-Ionic 100% Wetting Agent for
the Improvement of Spray Coverage
When Using Agricultural Chemicals

F.S.A.
WETTER 1000

DIRECTIONS FOR USE

F.S.A. Wetter 1000 Surfactant can be used where the addition of a surfactant is required or recommended on the agricultural chemical label. Variations in conditions of use can require some changes in the amount of F.S.A. Wetter 1000 Surfactant.

SITUATION	RATE PER 100 L	CRITICAL COMMENTS
Non-Selective Herbicides FOLIAR ACTIVE	25 - 100 mL	Use the higher rate on waxy, hairy or hard to wet surfaces. Increase rate for dry soils.
Selective Herbicides IN CROP USE	25 - 100 mL	Use when a surfactant is recommended on herbicide labels. Use the higher rate on waxy, hairy or hard to wet surfaces.
Soil Residual Herbicides	100 - 400 mL	When applied with soil residual herbicides to standing weeds, add F.S.A. Wetter 1000 Surfactant to thoroughly wet foliage. Consult product labels for individual recommendations.
Horticulture INSECTICIDES, FUNGICIDES AND GROWTH REGULATORS	40 - 100 mL	Vary rate according to volume and nature of the target. Use only when recommended on product labels.
Paraquat and diquat Herbicides Important when grasses are the major target	25 - 100 mL	Vary rate according to spray volume. Select rate in accordance with product labels.
Pasture Topping For use with glyphosate	125 mL	
Watering of Turf and Dust Abatement As additive to water	40 - 100 mL	Use the higher rate when watering turf.
Fire Fighting Water tanker Knapsack	5 mL / 100 L 2 mL / 15 L	In this field F.S.A. Wetter 1000 Surfactant has the advantage of less weight to carry compared with less concentrated surfactants and being non-flammable. It increases the wetting power of water, which assists in quick control and mopping up of fires. It is of particular value where water may not be readily available, when less drenching spray is needed, and a tankful will cover a bigger area

NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION

Harmful if swallowed. Causes skin irritation. Causes serious eye damage. Do not eat, drink or smoke when using this product. **IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If skin irritation occurs: Get medical advice/attention. If eye irritation persists: Get medical advice. In case of fire, use carbon dioxide, dry chemical, foam.**

GENERAL INSTRUCTIONS

Note: Where product labels recommended the addition of a non-ionic wetting agent or as a percentage (%) dilution, add 100 mL F.S.A. Wetter 1000 Surfactant per 100 litres to give 0.1%, 250 mL / 100 L to give 0.25% or other rates as required using these examples.

MIXING

For wettable powders and water-soluble products, add F.S.A. Wetter 1000 Surfactant in before adding the agricultural chemical to spray tank. For emulsifiable products, add F.S.A. Wetter 1000 Surfactant after a good emulsion is formed.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

Harmful to fish. DO NOT contaminate ponds, streams, rivers or waterways with the chemical or used containers.

STORAGE AND DISPOSAL

Keep out of reach of children.

Store in the closed, original container in a cool, well-ventilated area. Do not store for prolonged periods in direct sunlight. Triple-rinse the empty container before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point.

If not recycling, break, crush or puncture and deliver empty packaging for appropriate disposal to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or Territory government regulations. DO NOT burn empty containers or product.

SAFETY DIRECTIONS

Avoid contact with the eyes and skin. When opening the container and preparing the spray and using the prepared spray, wear overalls buttoned to the neck and wrist (or equivalent clothing), goggles and elbow-length PVC gloves. After each day's use, wash gloves and contaminated clothing.

FIRST AID

If poisoning occurs, contact a Doctor or Poisons Information Centre. Telephone Australia 13 11 26.

SAFETY DATA SHEET

For further information refer to the Safety Data Sheet (SDS), which is available from the supplier.

CONDITIONS OF SALE

The sale, supply, storage, use and application of this product is beyond the control of the manufacturer, and, subject to this provision, all warranties, conditions, rights and remedies express or implied under common law, statute or otherwise, in relation to the sale, supply, storage, use or application are excluded. Four Seasons Agribusiness Pty Limited and its associated entities shall not accept any liability whatsoever (including consequential loss) or however arising (including negligence) for any damage, injury or death connected with the sale, supply, storage, use or application of this product except for liability which cannot be excluded by statute.
